

\$ Dollars for Every Creature Counts Animals \$

Dear Friends,

We are asking you to help us raise additional funds for the expansion of our **No kill** facility in Ft. Lupton. This expansion, which is currently under way will allow ECC to rescue and house more cats and dogs from a life of doom. In addition, we will be able to open our doors in the future to the public for adoption of these precious rescues.

It is easy...It is Simple...And it is very low cost! And best of all it multiplies!

If you say yes to all three questions below - then you can help the animals in a **HUGE** way!

1. Do you have three dollars you can afford to donate?
2. Do you have two close family members, friends or co-workers that will support you in your passion of eliminating over population, rescuing and finding loving, caring and forever homes for cats and dogs in need.
3. Do you have two envelopes?

The best thing about this "Dollars for ECC Animals" program is that you can create a chain reaction that ends up in thousands of dollars to help rescue and save many animals.

Here is all you need to do:

- Take \$1 and wrap it in dark paper and put it in an envelope addressed to Every Creature Counts, 1245 Factory Circle, Ft. Lupton, CO 80621 - Thank you!
- Take the other 2 one dollar bills and wrap them in dark paper separately and put one in each of the remaining two envelopes and address them to the ECC address listed above.
- Ask 2 family members, friends or co-workers to do an important favor for you and the animals. Ask them if they would each be willing to accept the envelope (with your \$1 donation already in it) and match that dollar with one of their own - then have them mail it to ECC. Pass on a Thank you to everyone including yourself from ECC and the animals.
- Ask each person to repeat what you just did by donating two more dollars, envelopes (addressed to ECC) and have them continue to ask two more people and so on and so on. Please do not let the "Dollars for ECC Animals" donation chain break or you will break the hearts and well being of so many cats and dogs.

Please print this page and distribute to those you ask to donate. This will help you explain the "Dollars for ECC Animals" donation program. Please copy it as much as you want and pass it on to as many close and compassionate people that you know and who will support you. You do not have to stop at just 2 people. Include everyone in your life!

Remember, success for the animals comes from choosing loyal, loving, caring and compassionate people who bless your life and who will help keep this donation chain alive along with many animals that are rescued and saved right in their own backyards.
